Dear Mr. Karp:

On behalf of the U.S. Environmental Protection Agency, I offer my sincerest gratitude for joining us as our distinguished speaker during our special recognition of National Disability Employment Awareness Month here at EPA headquarters.

Your inspiring keynote address contributed immeasurably to our understanding of the challenges people with disabilities face and heightened our appreciation of the ways in which diversity significantly enhances our workplace experience.

As you reminded us, each of us can – and must – do more to embrace people with disabilities and to advance their professional success. Your personal story of achievement and unique perspective made our event particularly meaningful.

Thank you very much for being so generous with your time and your knowledge.

Sincerely,
